CLERK: LB 374. Introduced by Senator Hasebroock of the 18th District. Bill read.

PRESIDENT: Senator Murphy.

SENATOR MURPHY: These amendments were introduced by Senator Duis and I will attempt, in his absence, to cover them briefly. The reference in two sections of the insurance statute referred to here make reference to both retirement and pension. It was testified to at the hearing that the occasion for both retirement and pension being cited individually had to do with the 1953 IRS ruling that treated the two in a different manner. The Department of Insurance in excepting this bill stated that they have no exception to striking the dual working of retirement and pension and accordingly the word was stricken in those two sections. It apparently has no effect on the or the bill and would apply only in the manner in which those funds were treated by IRS. The committee voted to adopt the amendment and I would now move that the Body adopt the committee amendment.

PRESIDENT: Any further discussion on the amendment? Question is the adoption of the amendment. Record your vote. Record.
